Report on the analysis of the Standards of Performance and the Supply Codes

Hon'ble Appellate Tribunal for Electricity (APTEL) dated 9th October, 2009 in Review Petition No. 5 of 2009 in appeal No. 181 of 2008 directed Secretary, Forum of Regulators (FOR) to evaluate the Standards of Performance and the Supply Code notified by the appropriate Commissions to evaluate variations and any specific gaps that need to be rectified. These issues were considered by the Forum of Regulators in its meeting held on 19.11.2009. A copy of the minutes is enclosed at *Annexure-V*.

The Forum had earlier commissioned a study on Standards of Performance. The report of the study was considered in the meeting of FOR on 19.11.2009. The "Model SOP Regulations for Distribution Licensees" have been accordingly finalised and are placed at <u>Annexure-VI</u>.

After receipt of the APTEL directions, a study of examining the Supply Codes was awarded to M/s PricewaterhouseCoopers. Ten States identified for the study included Madhya Pradesh, Uttar Pradesh, Tamil Nadu, Delhi, Andhra Pradesh, Jharkhand, Assam, Punjab, West Bengal & Maharashtra. The selection of States was based on representation across majority population, regions, industry structure, geographical terrain, ownership structures, etc. The report on comparison of Supply Codes across 10 states and the gaps identified is placed at <u>Annexure-VII</u>. The Forum has decided to evolve a model Supply Code based on the findings of the study. This is expected to be completed in six months.
